

Serious Bible Students

The above photos show what serious Bible students our young people are. The first photo shows our class meeting in the open with no cover from the sun or rain. Our shelter was destroyed by a violent thunderstorm which occurred while our class was meeting several weeks ago.

This Sunday It started to rain so we were forced to go into our small house. The second photo shows 68 of us trying to fit in the house. The last photo shows that a few students had to sit on our porch because they didn't fit into the house. In the background is a photo of the destroyed framework which supported our tarp.

I am very proud of our young students who are determined to study the Bible. We successfully completed the class after moving outside once the rain passed.

The ATA/ITI workers are really doing a wonderful job expanding the ministry. Pavan in India just completed a journey to northern India. Trying to open ITI teaching centers in a part of India where we have no teaching centers. He even entered Nepal. These areas need our type of teaching. We need helpers to help spread ITI.

I have just received wonderful news from our representative in Nigeria. 117 universities in the country have a Christian ministry for the students. They have just decided to use our teaching materials to teach students at each university.

Our Kenya representative just returned from opening ATA centers in Garisa which is a Muslim stronghold in north east Kenya. You may recognize the name because 148 people were slaughtered at a university there by Muslims a couple of years ago. Abe, our representative there, was illegally arrested by a Muslim policeman for a few hours. Even so, he managed to open seven new ATA teaching centers before he left the area.

In Liberia last Sunday, our country director brought five churches and many ATA teachers together for a day of worship, fellowship and ATA teaching.

God has used ATA to be a blessing to many people in many countries. God has assembled a great ATA team across Africa and India. Our country directors are dedicated Christians who are taking ownership of ATA in their countries and changing it in good ways. We need more volunteers to help spread this teaching to other countries.

Thursday afternoon we begin our trip to the USA. This is a short trip of slightly over seven weeks. We plan to visit some doctors and spend time with family. Pray that the doctors will approve our returning to Africa. If you are in the upstate South Carolina area and want to see us please contact us.

Yes, the Samaritan's Purse shoeboxes do get delivered. These 3 boys, who live in our boys' home, just received these shoeboxes at their Sunday school class.

Be sure and send us a letter,

Bob
